On April 24, 2007, U.S. Patent No. 7,208,672 issued on the instant application.

The instant petition was filed July 25, 2008.

Petitioner requests that the patentee's failure to mail a letter containing a Certificate of Mailing with the United States Postal Service be corrected by a retroactive extension of time.

As set forth in MPEP 1305:

Once the patent has been granted, the U.S. Patent and Trademark Office can take no action concerning it, except as provided in 35 U.S.C. 135, 35 U.S.C. 251 through 256, 35 U.S.C. 302 through 307 and 35 U.S.C. 311 through 316.

Accordingly, once the patent is granted, the Office has no jurisdiction over the patent. Also, see *Aristocrat Technologies Australia v. International Game Technologies* 2008 U.S. App. LEXIS 20060 (Fed. Cir. 2008) "[p]rocedural lapses during examination, should they occur, do not provide grounds of invalidity. Absent proof of inequitable conduct, the examiner's or the applicant's absolute compliance

with the internal rules of patent examination becomes irrelevant after the patent has issued." The case was decided September 22, 2008.
